MEMORANDUM FOR: Mr. Colby

SUBJECT: Management Objectives Memo for IRAC

You asked that we discuss the Management Objectives memorandum for IRAC members incorporating your comments ("scribbles") on our first draft. We have incorporated these, conferred with OMB and DOD (but not program managers) and drafted the attached. The format breaks out separately IRAC objectives, ASD(I) tasks, and Program Manager tasks -- all meshing to provide you

- a basis for better evaluation for resource judgments;
- specific items (not all-inclusive) to negotiate with those affected and on which you would expect reporting (we've included a few items we'd like you to reconsider, e.g., COINS).

May we have a time to go over these together?

perhaps Sat.
